Major Feature-Length Video: Join the Campaign to Exonerate LaRouche

June 13, 2019

EIRNS--On June 21, the LaRouche Political Action Committee will release a new 80-minute feature documentary, "The LaRouche Case: Robert Mueller's First Hit Job." The video will show that the fraudulent imprisonment of Lyndon LaRouche in 1988 was one of the largest and most egregious government operations against a political figure in U.S. history. The United States and the world have long suffered from being denied LaRouche's ideas, and it's time for LaRouche's exoneration.

The video primarily utilizes footage from the 1995 independent hearings on Department of Justice corruption, featuring Lyndon and Helga LaRouche, former U.S. Attorney General Ramsey Clark, attorney Odin Anderson, famed civil rights attorney J.L. Chestnut, former Congressman James Mann, and others.

Viewers of this video will vividly understand the historic depth of injustice of the LaRouche persecution and imprisonment. They will be unable to avoid the implication of the video's title—that precisely the same apparatus which framed LaRouche back in the 1980s, went on to frame up President Donald Trump, starting in 2016 and continuing to date.

Variouly stated or implicit throughout, is that the false prosecution and jailing of LaRouche, guaranteed the catastrophes of the end of the failed 20th century and of the beginning of the 21st. The collapse of communism in Europe, which would have opened a brilliant chapter of human history had LaRouche's "Productive Triangle" plan been implemented, led instead to a series of wars based on lies, from Iraq I to Kosovo, Afghanistan, Iraq II, Syria, and Libya. Rather than the combined high-technology economic development of East and West, the former Comecon countries were looted, followed by the collapse of the world financial system, exactly as LaRouche had forecast, in 2007-09.

All this was an unnecessary disaster. Had LaRouche been free to fight for his ideas, and had he won adequate support, as he had won the support of Ronald Reagan for his Strategic Defense Initiative plan by 1983, then subsequent history would have been completely different.

Hand-in-hand with the fight for Lyndon LaRouche's exoneration, we are forging ahead today with the fight for the realization of his ideas, in a world which has been greatly shaped for the better by LaRouche's ideas, despite his false prosecution, his imprisonment, and the false label of "felon," which was stuck onto him.

China's revolutionary Belt and Road, or New Silk Road, joined by 160 nations and international organizations, was the immediate outgrowth of LaRouche's "Productive Triangle" program for which his wife Helga held seminars throughout the world while he was in prison. The Putin Presidency, which rescued Russia from disaster and is an essential pillar of the coming world order, was shaped by LaRouche's researches (witness his 1999 video, "Storm over Asia") and his trips into Russia. Trump confidants insist that LaRouche played a key role in creating the Trump presidency, as he has since in defending it from a British-inspired coup attempt using the same Robert Mueller who framed LaRouche.

Now the Donald Trump Administration has adopted LaRouche's program (with scientist Krafft Ehrlicke) for industrialization of the Moon, leading to the later colonization of Mars!

Let us win LaRouche's exoneration, and win the world for his vision of a four-power (U.S., China, Russia and India), New Bretton Woods, world credit system.
